FESTIVAL

The new Festival is perfect for those wanting to introduce themselves to holiday home living. As standard the Festival comes complete with oven/grill, gas powered water heater and thermostatically controlled shower. Add the great value deluxe pack and the Festival offers features far beyond what you would expect from an entry level model.

Model illustrated 35' x 12' with optional Winter Pack and Deluxe Pack fitted. Duvet, pillows, bedrunner, TV, DVD player and all other ornaments are for display only

Atlas reserves the right to change any materials, fittings, etc., shown in this brochure at any time and without prior notice as supply or product development demand. All Atlas Leisure Homes are built to comply with all relevant British Standards and Codes of Practice as required by the National Caravan Council certification scheme.

NOTE: Caravan Holiday Homes are not designed for residential occupancy. To use an Atlas Leisure Home, it will need to be correctly sited, have steps or other means of entry and be connected to services (an appropriate propane gas supply, mains electricity to suit the required power offtake, mains water at a pressure to suit the appliances and a waste water/sewage outlet). Due to the nature of our construction methods and practices, it may not always be possible to match patterns precisely on some wallboards and fabrics. Any Park Operator, anywhere in the UK, can purchase an Atlas Leisure Home for you through the Atlas Dealer/ Park Distribution Network. Due to the limitation of the print process we recommend that you see the actual products for colours. Photographs of Atlas Leisure Homes on location are for example only and may not have been sited at that location. Decking, patios, fences, barbecues, etc. have been used for illustrative purposes only. E&OE.

If you invest in an ATLAS Leisure Home, you can be confident that not only do you own the best in design, innovation and value for money but have also made a contribution to environmental sustainability.
